

TWIN PRONG NASAL OXYGEN CATHETER

- Made of Treated medical grade PVC which creates less friction on the patient's face & ears compared to standard cannulae.
- Kink resistant multichannel oxygen tubing.
- Nasal Prongs are curved, soft enough to be anatomically fit & non-irritant to the patient.
- Location saddle assists in the optimum positioning of the prongs.
- Non slip toggle enables user to adjust for best possible fit.
- Colour – Transparent.
- Tubing length- 200 cm.
- Individually packed.

Available Sizes : Adult, Paediatric and Infant
